

4.11 Script for Administering Mathematics

The administration script under Section 4.11.1 will be used for all units of the Grades 4 and 5 mathematics test.

On the first read through, Test Administrators are required to adhere to the scripts provided in this manual for administering the NJSLA assessment. Read word-for-word the bold instructions in each SAY box to students. You may not modify or paraphrase the wording in the SAY boxes. Some of the SAY boxes are outlined with a dashed line and should ONLY be read aloud if they are applicable to your students. Some directions may differ slightly by unit and are noted within the administration script.

Instructions for Preparing to Test

Say	<p>Today, you are going to take the mathematics assessment.</p> <p>You may not have any unapproved electronic devices at your desk. Making calls, texting, and taking pictures are not allowed. If you have any electronic devices, including cell phones, with you right now, please turn them off and raise your hand. If you are found to have unapproved electronic devices during testing, your test might not be scored.</p>
------------	--

If a student raises his or her hand, collect the electronic device (or follow your school/district policy) and store it until the unit is complete. Certain electronic devices may be allowed for accommodations purposes only during testing. Contact your Test Coordinator if you have questions regarding electronic devices.

Say	<p>Please sit quietly while I distribute the test materials.</p>

Instructions for Administering All Units

Say

Using the labels on the edge of the page, open your test booklet to the first page of Unit __ (fill in the appropriate unit) and follow along while I read the directions.

Today, you will take Unit __ (fill in the appropriate unit) of the __ (grade 4 or 5 — select the appropriate grade level) Mathematics Test. You will not be able to use a calculator.

Read each question. Then, follow the directions to answer each question. Mark your answers by completely filling in the circles in your answer document. Do not make any pencil marks outside of the circles. If you need to change an answer, be sure to erase your first answer completely.

If a question asks you to show or explain your work, you must do so to receive full credit. Only responses written within the provided space will be scored.

If you do not know the answer to a question, you may go on to the next question. If you finish early, you may review your answers and any questions you did not answer in this unit ONLY. Do not go past the stop sign.

Turn to the next page while I continue to read the directions.

Directions for Completing the Answer Grids

1. Work the problem and find an answer.
2. Write your answer in the boxes at the top of the grid.
3. Print only one number or symbol in each box. Do not leave a blank box in the middle of an answer.
4. Under each box, fill in the circle that matches the number or symbol you wrote above. Make a solid mark that completely fills the circle.
5. Do not fill in a circle under an unused box.
6. Fractions cannot be entered into an answer grid and will not be scored. Enter fractions as decimals.
7. See below for examples on how to correctly complete an answer grid.

Say

This is the end of the directions in your test booklet.

When you see a GO ON sign in your test booklet, you may go on to the next page. When you reach a STOP sign in your test booklet, do not go on until directed to do so.

Examples of the GO ON and STOP signs are posted on the board.

If you finish early and have completely checked your work, raise your hand and I will collect your test materials. Once I have collected your materials, you cannot get them back.

Read from OPTION A, B, or C below based on your local policy (refer to your School Test Coordinator).

	<p>OPTION A</p> <p>After I have collected your test materials, please sit quietly until the unit has ended.</p>
	<p>OPTION B</p> <p>After I have collected your test materials, I will dismiss you.</p>
	<p>OPTION C</p> <p>After I have collected your test materials, you may read a book or other allowable materials until the unit has ended.</p>

	<p>Do you have any questions?</p>
---	--

Answer student questions.

	<p>You will have 60 minutes to complete this unit. I will let you know when you have 10 minutes of testing time left.</p> <p>Turn to the next page. You may begin working now.</p>

Actively proctor while students are testing:

After taking a classroom break, ensure students open their test booklets and answer documents and continue testing where they left off.

Say Open your test booklets and answer documents and continue testing.
